

North East Paranormal Associates ... Who We Are

Welcome to North East Paranormal Associates, a team of dedicated professionals who let the facts drive us to our conclusions. For brevity, we also refer to ourselves as NEPA. We travel throughout New England helping our clients with their questions and concerns regarding the paranormal. Our focus is on small private home and public buildings investigations; to provide answers, where possible, to your questions and/or a paranormal situation that you may be encountering. Old and historical sites often prove interesting.

We perform public outreach and information sessions about the Paranormal and Ghost Hunting; what it means and how we perform such investigations. Our Paranormal 101 Presentation is an introduction into the paranormal, how we perform investigations, the tools we use, evidence that we have gathered, and a Questions & Answers. This is free of charge to libraries, public organizations, clubs, and charities. We can assist in fundraisers or a promotional event for other non-profit organizations which would like to do something a little different. We have had great success helping to raise money for local charities.

NEPA never charges any fees for the services we provide to our clients. We understand that having paranormal problems in your life can be scary and confusing. As a team of professionals, we never disclose any information about any case to anyone without our client's consent. We are extremely discreet on every investigation. If you are having a problem that you do not understand or would just like confirmation of things that cannot be explained, contact NEPA to schedule an investigation --- or to just talk.

NEPA is involved in the community in which we serve with informational presentations, investigations, and paranormal training. If you would like us to help you, contact us to set up an appointment.
