

# North East Paranormal Associates ...Why?

## WHY ..... Indeed!

### Why we do what we do:

Life presents us with eternal questions that mankind has wrestled with for untold millennia, since the dawn of our species. Entire civilizations have created cultures & belief systems and built some of the largest & most complicated structures on Earth based on these questions.

- Will I survive?
- What does it all mean?
- Why am I here?
- What happens to us when we die?
- Is there an afterlife?
- Does my soul continue to exist?
- Do I have a soul?
- Where do we go after our death?
- Can we communicate with those who have passed on?
- Where do we GO?
- Is there another dimension we go to?
- Do we have Free Will?
- Will we be remembered and missed?
- What is Life all about?
- What is it we are experiencing?
- Do we evolve through progressive experience?
- Is there an Answer?
- ..... Why?

At NEPA, we seek answers to these questions and many more. We do not seek to confirm or deny our hopes and wishes, although that would be nice. We just want to know; Who, What, Where, When, Why, & How?

Why can some people communicate so easily with spirits? Are there really any spirits to contact at all? Is it real, or am I being duped somehow? How do I know? Who can I turn to? Who can I trust? Are there connections to the afterlife? What are they? Who are we contacting? Why does this occur? ..... WHY?

Mankind has used many resources to help in this eternal struggle with understanding Life and coping with the Specter of Death; parables, mythology, stories, narratives, songs, poems, literature, anecdotes, the arts, nature, language, law, psychology, philosophy, religion, history, anthropology, science, mathematics, medicine, alchemy, mysticism, and a variety of paranormal studies. Which path will lead us through the door to the truth? Perhaps All ... Perhaps None ... Perhaps Some ... or One.
